Sculptural Table
Alabaster
40 x 56 x 56 cm
Author's signature

It's a sculptural table enhanced by the natural interaction with the environmental light; a symbiosis that makes each space unique, while sparking different sensations and emotions. Smoothly carved in handcrafted alabaster which gives each piece a non-transferable personality.

Si.atelier

We are Sonia and Isabel, product and space designers and creatives. United by the same concerns and intentions, our challenge is to achieve the perfect fusion between each space and its content.

Our purpose: to provoke new sensations to generate unique experiences through textures, light and the time of exposure.
